## WILL CALL FOR PEACE MEETING

Committee of Americans and Britons to Arrange for Joint Gathering.

A mass-meeting of American and British citizens will be held within a few days to give formal endorsement, so far as this community is concerned, to the cause of international arbitration, with particular approval of the treaty between the United States and Great Britain that is now near completion.

Honolulu's voice will be heard reclaiming the stand taken by President Taft and urging the negotiation and ratification of the treaty, according to preliminary plans made yesterday afternoon at a meeting of representative British and American citizens held at the Commercial Club.

From the outset, Americans and Britons will share in the preparations for the mass-meeting, and the keynote of international brotherhood is to be emphasized. H. A. Taylor, who was the initiative of the movement that resulted in yesterday's meeting, offered a motion that the chairman name a committee of American citizens who should select a committee of British citizens, and this joint committee be empowered to arrange for the mass meeting. Immediately there was vigorous protest, started by Jack Lucas, and concurred in by half a dozen other Americans, who declared that from the very outset British and American citizens should have equal representation on the committee.

Mr. Taylor's idea, as he hastened to explain, was that as this is an American territory, the British preferred that the invitation should come from Americans, but added that so unanimous was the expression on the part of the Americans present that British should be with them from the beginning, that no further invitation is necessary.

R. A. Jordan in the meanwhile had risen and stated it as his understanding that British citizens were invited to yesterday's meeting, but all the threatened misunderstanding was cleared away by a few ringing speeches in favor of international peace and arbitration by such men as Bishop Restarick, President John W. Gilmore of the College of Hawaii, W. O. Smith and Mr. Taylor.

Bishop Restarick called the meeting to order and W. O. Smith was unanimously selected as chairman with R. O. Matheson as secretary. After the discussion as to the making-up of the committee had been settled, President Gilmore moved that the committee consist of six, three Americans and three British, with power to act in arranging for a mass-meeting. John C. Lane and others favored a larger committee, and Lane's amendment to make the committee was carried, and Chairman W. O. Smith was authorized to name a committee of five Americans and five British.

It was a notable meeting in the spirit of international amity expressed and reigning throughout. The mass meeting now proposed will probably result in the passage of resolutions endorsing arbitration, which will be forwarded to President Taft and British authorities. Among those present yesterday were: Bishop Restarick, W. O. Smith, H. A. Taylor, A. F. Griffiths, Roderick O. Matheson, Rev. Leopold Kroll, Rev. O. H. Gulick, W. R. Foster, J. W. Pratt, Dr. A. L. Andrews, M. M. Graham, M. Macintyre, Robert Law, John T. Gulick, Theodore Richards, W. A. Bryan, Arthur G. Smith, W. C. Weedon, R. H. Allen, John Lucas, John C. Lane, J. W. Gilmore, Robert Anderson, R. A. Jordan, C. F. Maxwell, D. B. Murdoch, Job. Batchelor, R. L. Auerbach and Judge Clemons.

## TELLS OF PLANS FOR PUBLICITY

Secretary Wood's Report Today Deals With Advertising On Mainland.

In his weekly report to the Hawaii Promotion Committee today, Secretary H. P. Wood tells of plans for publicity that are working out nicely. The report says:

"From a friend in Chicago we are in receipt of a live list of most desirable addresses comprising some 2500 names and being well distributed throughout the Middle West. To each name on the list we are sending a copy of general folder together with a special circular letter stating that we will send our illustrated folder to such of their friends and acquaintances as they think might be interested in hearing about Hawaii and in this way we hope to be able to secure many hundreds of new addresses. It is safe to say that in this way we shall reach at least one hundred thousand people.

"By the 'Siberia' we are sending out an unusually heavy mail. We are also mailing to interested parties a number of photographs of the Hibiscus Show, some of which we expect will be used to illustrate articles on Hawaii.

"At the request of two magazine writers on the mainland, we are forwarding photographs illustrating the custom of wearing leis in Hawaii. These will be reproduced in prominent weeklies and serve to illustrate special syndicate stories with a wide circulation.

"The following letter from Mr. David W. Ferry, head of the 'Girl Guides of America,' Auxiliary to the Boy Scouts of America, is of interest.

"I have just returned from a conference in New York City held for the purpose of discussing the amalgamation of all societies for girls throughout the country.

"The Girl Guides were organized in this country on instruction received from Sir Robert Baden Powell who first started the movement and who, as you know, is the head of the Boy Scouts.

"The Girl Guide movement has grown very rapidly in the United States and Canada.

"By this mail I am sending you a number of copies of the Official Hand Book which we will be pleased to have the Promotion Committee distribute."

## MORE SCHOOLROOMS BADLY NEEDED

Supervisor Low, as chairman of the committee on ways and means, has completed a tour of the country school districts in company with City and County Engineer Gere.

They find that many of the school buildings in the outer districts are entirely too small to accommodate the constantly increasing number of children.

The last Legislature appropriated only \$35,000 to meet this call, but it has been found inadequate, and it is therefore recommended that a raise in taxes must be made to meet this very important measure, when the proper time comes.

## AFTER 7 YEARS SUFFERING

I Was Cured by Lydia E. Pinkham's Vegetable Compound

Waurika, Okla.—"Phad female troubles for seven years, was all run down, and so nervous I could not do anything. The doctors treated me for different things but did me no good. I got so bad that I could not sleep day or night. While in this condition I read of Lydia E. Pinkham's Vegetable Compound, and began its use and wrote to Mrs. Pinkham for advice. In a short time I had gained my average weight and am now strong and well."

—Mrs. SALLIE STEVENS, R. F. D., No. 3, Box 31, Waurika, Okla.

Another Grateful Woman.  
 Huntington, Mass.—"I was in a nervous, run down condition and for three years could find no help. I owe my present good health to Lydia E. Pinkham's Vegetable Compound and Blood Purifier which I believe saved my life."

"My doctor knows what helped me and does not say one word against it."

—Mrs. MARI JANETTE BATES, Box 134, Huntington, Mass.

Because your case is a difficult one, doctors having done you no good, do not continue to suffer without giving Lydia E. Pinkham's Vegetable Compound a trial. It surely has cured many cases of female ills, such as inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, and nervous prostration.

WASHINGTON, June 29.—Destructive competition for the sugar trust is planned by Horace Havemeyer, son of the late Henry O. Havemeyer, founder of that trust, if the younger Havemeyer succeeds in his efforts to secure control of the National Sugar Refining Company.

"I will make it an active competitor of the American Sugar Refining Company, in which I have no interest and with which I have no sympathy," the 25-year-old son of Henry O. Havemeyer told the Hardwick sugar investigating committee today.

"Will that competition benefit the consumer?" asked Hardwick.

"It will benefit the consumer temporarily," said Havemeyer.

"For how long?"

"Oh, until someone is busted," he remarked carelessly.

Havemeyer explained that he wished to go into the sugar business to make a career for himself. He learned the sugar business under his father.

Havemeyer was desirous of defending the memory of his father.

"My father was accused of many things," said Horace Havemeyer earnestly, "but I know he never did anything unless he thought it was for the best interests of the company. He did not have much of an interest in the American Sugar Refining Company. He drew \$100,000 a year salary."

Asked why his father organized the first trust in 1887, Havemeyer said it was from philanthropic motives. Havemeyer told the committee that the marvelous industrial advancement of the United States was due to the trusts.

Referring to the estate left by his father, young Havemeyer said it was valued at \$15,000,000, about \$8,000,000 of which was in the beet sugar industry and \$7,000,000 in real estate and stocks. He said his father did not believe in bond investments.—San Francisco Examiner.

JAMES WOODS

FACING the beautiful park in the heart of the city which is the theatre of the principal events of the famous festivals of San Francisco, this hotel, in its environment and atmosphere, expresses most pleasantly the comfortable spirit of old California.

The royalty and nobility of the Old World and the East and the men of high achievement in America who assemble here contribute to the cosmopolitan atmosphere of a institution which represents the hospitality and individuality of San Francisco to its traveler.

The building, which marks the farthest advance of science in service, has now the large capacity of any hotel structure in the West, and upon completion of the Post street annex will be the largest caravanserai in the world.
